

Fifi Forget-Me-Not

Fifi lives in Forget-Me-Not Cottage in Flowertot Garden. This unforgettable Flowertot dresses in dungarees and pink Wellington boots and is always suitably attired to pitch in and help tend her beloved garden. A cheerful soul, her perpetual smile is like a ray of sunshine, which brings joy to everyone around her.

Fifi is everybody's friend. Inspired by her surroundings, every day is filled with endless possibilities for this mischievous little tomboy. She loves to play; she cooks and bakes and is very proud of her amazing organic garden where she can pick all her fruit, vegetables and herbs. Part of her charm is her absentmindedness. She is always forgetting things, which sometimes lands her in trouble. With so much for her to see and do it would be impossible for her to remember everything! Luckily she has a wonderful group of friends who help her out.

With an unbelievable lust for life and a real nose for adventure the little Flowertot is always busy, whether looking out for her friends, tending to the garden or thwarting Slugsy and Stingo's latest madcap scheme. With her sunny enthusiasm and boundless energy, Fifi can see the bright side of any situation. Even though her days are busy, Fifi always makes sure she has time for her friends who all adore her. Despite being a little scatterbrained from time to time, she is funny, clever and a constant source of entertainment.

Fifi's catch phrase is "Fiddly Flowerpetals."
