

RAINBOW magic

Meet the Rainbow Fairies

The **Rainbow Fairies** represent the colors of the rainbow, and are responsible for keeping all the colors of Fairyland shiny and bright. Things are never dull when this bunch is around!

Ruby the Red Fairy brings the color red into all parts of Fairyland. She's the one who makes sure fruits and vegetables grow juicy and ripe. Beautiful red flowers appear on the ground wherever she waves her magical scarlet wand.

Amber the Orange Fairy is responsible for all things orange – oranges, peaches and flowers. Fragrant orange-smelling bubbles float from her gold-tipped wand as she waves it around to create her color.

Sunny the Yellow Fairy produces all the sunny, yellow hues in Fairyland – from the bright golden rays of the sun down to the creamy petals of buttercups. As she creates her color, lemony-scented fairy dust streams from her wand and transforms into little butterflies.

Fern the Green Fairy makes sure the color green is well represented in Fairyland – from the lush green vegetation to the leafy green vegetables. Her emerald green wand is tipped in gold, and the fairy dust that shoots from it smells like fresh cut grass!

Sky the Blue Fairy manages all the shades of blue in Fairyland – from turquoise to aqua to navy. Her pretty little wand releases star-shaped sparkles that smell like blueberries every time she creates her color.

Inky the Indigo Fairy is responsible for the deepest shade of the color spectrum – indigo. Be it succulent eggplants or dark denim, she makes sure all things indigo are deep and rich. Her silver-tipped wand emits inky fairy dust that smells like blackberries!

Heather the Violet Fairy creates all the violet tones in Fairyland – from rosy blush flowers to hazy purple sunsets. Her silver-tipped wand shoots purple, violet-scented, flower-shaped fairy dust.
